Too many names, it's hard to remember who has sent me what.
Especially with my lovely memory...

Birdy-I'll Never Forget You

One of her best covers. Don't care for the original, but her version is nice.

Birdy-Young Blood (The Naked and Famous Cover)

Surprisingly like the original, her version is good too. The original was one of those weird things that grew on me quite a bit. Like, I bashed it the first time I heard it on the radio, but I never found myself truly hating it.

Same deal with Middle Class Rut. Picked on their song sooo much and then I found myself listening to it after hearing another one of their darker songs I was digging quite a bit.

Birdy-Skinny Love (Bon Iver Cover)

Don't really know the original, but her version is pretty good. Apparently she recorded this one when she was 14.

Birdy...similar to Lorde...really Last.FM? Sure, they both have pop stuff, and they're both 17, BUT I would not compare the two...And their pop is like completely different genres of pop from each other.

Biry-1901 (Phoenix Cover)

Had mixed feelings on the original. Went from finding it annoying to sorta liking it to finding it annoying again. Her versions better.

No clue what this is a cover of.

Fleet Foxes song, apparently. Know the name, but that's it.

Lovely winter song...

Main Lyrics

I need to make playlists for different seasons and just like post the darkest possible songs for the seasons ☐

Most of mine would probably consist of instrumentals, though, with "Spring", "Summer", and so on in the titles and that's it.

Birdy-People Help the People

Don't know what this is a cover of, either.

I find certain genres naturally sound better in different seasons

winter = black metal

spring = celtic folk / celtic rock

summer = emo

etc

And for Christmas music I dislike almost all Christmas music...but I like this one post-rock Christmas song or whatever.

I don't really pay attention to specific stuff for specific seasons really, though, and I just listen to music...Really, my seasonal music would mostly consist of instrumentals, so.

Faith No More - "Crack Hitler"

Great band. Keep thinking about listening to them again.

Yeah, Faith No More is great from what I've heard. I need to listen to more of them too.

Birdy-People Help the People

And if your homesick, give me your hand and i'll hold it ~

I had major homesickness issues when I was a little kid, so these lyrics make me kinda smile.

I also had pretty major general emotional responses to a lot of

things. I'd hit myself hard with something (Like a damn vacuum cleaner handle in the head), and I would be fine, but a little pained, but as soon as people started asking me if I was okay, I'd say I was fine but for some reason them asking if I was fine would make me cry. I don't know how many times I cried for no reason. I cried before even going ANYWHERE when I was homesick once. Hell, I remember once my aunt take me back home because of me being so homesick, and another time we were on the other side of South Lake Tahoe and my dad came and got me.

So glad those pretty much passed over. It was a bit concerning, looking back at that. Now I can be at grandparents for a month and I still don't feel that homesick.

Now I just get emotional easy in other ways but whatever. Still not great in that regard.
