A place where nobody talks much, with nothing to do. No community, nothing. A place where I don't get notifications much, and easily forget that I'm even in a region. And not a one-nation region.
This is serious.

you must portray yourself as a chad and your enemies as the soyjak.

"We won't be taxing, bureaucratic hypocrites forever!"
We're currently fighting a just and not at all drawn-out war in the Senora Wasteland against the Roman cosplaying enslaving scumbags known as Caligulas Legion! Suck it and die from your 'headaches', you bald b*stard.
Are you aggressively coked-out? Do you join regions for no reason? Do you like copious amounts of drugs, eating Mexican food from taco trucks and the searing hot desert sun? Join Calexico and Mexicali then, moron.
Do you too wish to patrol the Senora, almost making you wish for a nuclear winter? If so, consider joining our Embassy Program
