Edit: Disclaimer about how it's a joke and I'm not responsible for the drunkenness that might actually arise. 🤪

To be fair, RP has incredibly declined in activity, entertainment value, and quality, hence why I only sometimes stick my head in. Also, NSG has always been a dumpster fire. Can't speak to the whole WA gameplay scene as I never got involved, though, and they seem active.

WA gameplay scene is, from my observations, either just proposal drafts or R&D. Sometimes with the proposal drafts, they can escalate into the thread becoming a magnificent shitshow, but it's mainly just...eh. Either way, these are only surface-level observations, so I don't know how they otherwise look.

I never really understood the point of the WA, it doesn't even effect your nation aside from a couple issues you may or may not get.

The best explanation I have is that the core function of the WA when it first came to be was to add some sense of immersion. An organization that mimics the UN almost (and did at some point) completely adds a feeling of realism to this site, I guess. It doesn't do jack, but back in this site's infancy, back when RP wasn't as big as it was at its peak, it did seem important in crafting a sense of "well shit, now I feel like a real diplomat now!". It's not like that anymore.

The GE&T section also appears not excluded from Summerposters as literally "Help, my nation ran out of grain / weapons. Send help!" or "We are looking for business partners".

I don't mind nations with anime stuff, but I'm confused as to why it always seems to be anime girls of a similar style type of anime stuff that people gravitate towards.

A post-apocalyptic nation located entirely within a megastructure amidst a burning Earth, in a world where reality barely holds together and magic arises from the cracks.

Same. Kinda wish we had a different flag pfp for gameside and forum. If I could have a different flag for the forum only, I'd put draw either a Hotline Miami character or a TF2 character on mine.

A post-apocalyptic nation located entirely within a megastructure amidst a burning Earth, in a world where reality barely holds together and magic arises from the cracks.

Recognition is the main reason people like to use anime characters for their flags, same reason one would use any other character. Most of the anime flag people are anime fans, so of course they use anime characters for their flags (weebs and NS have a massive overlap, it isn't weird that they would be here.)
