The culprit opts to commit oof with a gun he had in his pocket, not wanting to send his family into debt with hospital bills. Startled by this, Calvin emigrates to Croatia.

A black car and yellow details with the siren on stops right in front of the 4chan man and opens the back door for him to enter. It is possible to read; "NPD - Nuketown, Arkansas Police Department". Driving the car is the town's mayor, Canada's legendary worst former prime minister, Justinian Nukedeau.
