Oh, wait. That'll probably continue. I'm gonna pretend it's not happening, then.

Seven Nation Army by **The White Stripes**

Liberalism, Religious Zeal, Egalitarianism, Progressives and Libertarianism are the bane of this New World. And in time they will fade out of existence.

The Power of Evolution, through Eugenics and Trans-humanism will forefront the World into a land of National Socialism on a scale that will not be paralleled to.

"If the day should ever come when we must go, if some day we are compelled to leave the scene of history, we will slam the door so hard that the universe will shake and mankind will stand back in stupefaction."
