I feel like listening to more Grails....but I'm on a Porcupine Tree marathon right now. I should do this more often: Just pick a random band I need to look through and listen to all their discography over a couple of days.

Yep, I'm a Geek. I'm also a left-wing, anti-illegal, pro-life, gun loving, white, college educated, politically informed, socially abrasive, conservatively liberal male with a big mouth...deal with it.

I do usually too, because I usually get sidetracked. Which is exactly why I haven't listened to much of Grails yet, because I'd always start listening to them, along with many other bands, then get sidetracked and completely zone them out, or go and play video games instead because I don't want to just sit here at my computer.
