Meanwhile, the narrator focuses their attention to another man, nicknamed Man #973, in an alternate timeline 97.3 chronon away from the main timeline, because the information from the previous post was quite convoluted. Man #973 however, unwittingly gets transported to the main timeline with new man (A.K.A John Cena) via a temporal glitch.

In the year 19984, France is now a reality-bending and time-defying plane of light and energy ruled by a cosmic entity known as "Napoleanus," who claims Man to be a Prophet that will revert France back to its natural state.

Man #973 on the other hand, jumps through a temporal gateway, and finds himself in 19984 France, where he is spotted by two armed guards, but not before commandeering a FAMAS F2 lying beside him in self-defense.

Jimmothy was a sweet goody two-shoes boy that one day was run over by a slow-moving tractor. Due to a wacky mixup, he was sent to Hell and now goes on wacky adventures with a demon and a deceased mad scientist.

A time glitch takes Jimmothy out of Hell and into **Reality R-46** before the reality he had been in before is subject to a Spacetime Reset, due to the events happening in it considered too chaotic by the Creators. Jimmothy finds himself sitting in Man #0046's Artificial Temporal Gateway (ARTEGA), as it was him who plucked the boy from the previous reality.

The Creators bring Jimmothy and #0046 to Celica Man by lifting and dragging them through the air on giant metal pinchers, Rollercoaster Tycoon style. after some time, they reach Celica Man after being carelessly tossed onto the blacktop.

The Supreme God-King of Time is pissed off at this time-space madness and decides to unify all existing and living Men into one.

All living Men in this thread are unified into a single new man; **Count Owen Jimmothy Cena, the #046 of the Celica's Cure Gardens** or just "Count Cena", for short.

Count Cena has the ultimate power in the entire universe, he is undoubtedly the Closest Man of God. He cannot be defeated or killed, much less subdivided, his existence is inviolable and interruptible, a god among mere mortals. He only has one weakness. The time. Only in time can he die, after he has lived a great life he will grow old and die, leaving the way and the world open to new Men. Count Cena is, without a doubt, a Giga Chad and he is inevitable, immeasurable, inexorable and monstrous.

Menelik I is a not well-known petty warlord in the war-torn nation of Elbonia, in Reality #537, located roughly 10065.34 chronon away from Reality #1. After several victories, he met with and gained the trust of the King of neighboring Ruritania, where he placed an order of 13000 Vz. 58 rifles for his troops before the Ministers of War and Foreign Affairs.
