Elvis Presley - Blue Suede Shoes

Gonna listen to my entire Album of the Year list. Starting from 1956 with Elvis Presley's debut ☐

Little Richard - Tutti Frutti

Album of the Year 1957: Little Richard - Here's Little Richard. It's also my Album of the Decade 1950s.

Wow, you like a WIDE variety of music! Interesting!

I've been listening to hymns and stuff, lately. They pull me out of my depression.

Though I also listened to Soundgarden yesterday, and that also helped. Weird combo, but I like it. ☐

Catholic, pro-life, and proud of it. I prefer my debates on religion, politics, and sports with some coffee and a little Aquinas and G.K. CHESTERTON here and there. :3

Unofficial #1 fan of the Who Dat Nation.

And I love it

Little Richard - Slippin' and Slidin'

And now for the AotY 1958, Chuck Berry - One Dozen Berry's

Chuck Berry - Sweet Little Sixteen

Continuing with Chuck Berry since my Album of the Year 1959 is his Chuck Berry Is on Top.

Chuch Berry - Carol

Listening to some Vocaloid progressive rock/metal.

Are these "human rights" in the room with us right now?

☐ Professional pessimist. Reactionary socialist and gamer liberationist. Coffee addict. Fun at parties ☐

Freedom is when people agree with you, and the more people you can force to act like they agree the freer society is

You are the trolley problem's conductor. You could stop the train in time but you do not. Nobody knows you're part of the equation. You satisfy your bloodlust and get away with it every time

Dark Funeral - *Shadows Over Transylvania*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Elvis Presley - Make Me Know It

And now off to 60s with my Album of the Year 1960, Elvis Is Back!

Skipping 1961 and 1962 since I only have one song from each year.
Now I'm listening to Album of the Year 1963, With the Beatles.

The Beatles - All My Loving

The only reasons why I have two Beatles albums on my Album of the Year list are 1) They are the only albums of their respective years that I have and 2) They were featured on 1001 Albums You Must Hear Before You Die list. The second reason is the only reason why I even listened to them in the first place ☐

The Beatles - Money (That's What I Want)

Barrett Strong cover. I'll revisit this song very soon, since the next album coming up is Jerry Lee Lewis - Live at the Star Club, Hamburg (Album of the Year 1964), this song is 3rd one on that album.

The Beatles - Taxman

Album of the Year 1966. The weakest one on my AotY list, but hey, it's the only one I got for 1966

Jimi Hendrix - You Got Me Floatin'

From Axis: Bold as Love, my Album of the Year 1967. I'll be listening to a lot of Hendrix in the next 2 hours since he's got my AotY nomination for years 1968 and 1970 as well.
