Holy crap I just found an artist who has done and been a part of 260-something albums, 70 live albums, and various other things. I couldn't even think about going through all of those.

I think the highlight of this band is the vocalist. I really like his vocals for some reason. He kind of reminds me of the Rishloo singer with a different singing style.

Huh, Wikipedia says this stuff is Alternative Rock. I still hear a bit of post-rock influence in this album, though.

If it was metal you could check on Metallum. I trust them more than wikipedia, but I do not trust Metallum entirely either because they have too much musical elitism affecting which bands are allowed on.

Do you like this alt rock band? I only know this song because of the movie Constantine. ☐

I've only listened to one A Perfect Circle album but I enjoyed it, yes. I like Puscifer and Tool, too, all stuff Maynard has done (The singer). I don't think you would like Puscifer much but I can't really say on Tool.

[Aereogramme-A Life Worth Living](#)

This song title totally doesn't fit for a bunch of my RP characters with miserable lives.

I like some Tool. I will look into Puscifer.

Puscifer is way different and not really in a style of music I see you liking. Hell, I don't think I like a lot of it but some I think is really good.

[Tool - Schism](#)

Kinda. Some of it isn't really light so much in the way I think when I hear light (What I'm listening to now except that Barriers song), but there is more mellow stuff.

[A few examples.](#)

I think the first one might be the most likely for you to like, even if it may be a little mellow. It is probably the most metal.

Or maybe you'll surprise me ☐

The project is a pretty interesting one that varies a lot, but there are some songs that just seem too immature and I can't really get into.

It's sleep deprivation. It causes blurred vision. My vision would go borked at three or four days awake. ☐

I'm sure that doesn't help, though I don't really have sleep deprivation since I slept well last night and haven't really been up for

days. But I do need glasses. I noticeably can't see out of one eye as well as the other. One eye everything is really blurry and the other one isn't nearly as bad. Makes it hard for me to read things from far away, especially looking out of one eye
