Monkey 4684 was in Sudan during the Civil War. He was captured and cut into 700 pieces, saving the vital organs for last so he would live through most of it.

Monkey 4679 lived in country ruled by Anprims. He has been torn to pieces by other 50 monkeys, for using the technology.

A nation of 'Slavic Mars' colonists who escaped from the nuclear apocalypse of Earth. We have not the Fully Automated Luxury Gay Space Communism (and we will never be gay). Our ideology.

The nation doesn't represent my views. It was created for artistic purposes and it's 0% political.

Current year: 2170.

Ithallians are the definition of unconquerable. They are bound by a brotherhood that can only be forged in a war, for Ithallians, all of them, know the cost of freedom. As long as you respect them and are faithful in your dealings with them, Ithallians will treat you like a member of that family. If not...they don't tend to leave survivors...

4672 tried to set up an electric fence to protect his house against the dinosaurs that 4673 cloned. He was electrocuted to death after he decided to test if the electric fence was working.

4671 stole Doc Brown's Delorean and accidentally ran over himself in the past. The resulting paradox thankfully only destroyed the galaxy, but that included 4671.

You can! notice how there are only a 1500 posts, but more than 5000 dead monkeys?

/skip dis boi

you can, in the same way you can cut in a long line. It's possible, but most people would rather you didn't.

Monkey 4667 was flung into the far future. And died there.

People tend to assume that Entrance of the Gladiators by Julius Fučík is what that ever so famous circus clown theme is. And in a way, it is. Nobody would ever argue with you on this fact.

However, if you want to be an unlikable, pedantic jerk, the song actually known to be circus music would be a version composed for American woodwind bands (and later transcribed for fairground organs) titled Thunder and Blazes, published by Louis-Philippe Laurendeau.

Of course, this information is of absolutely no consequence to anyone.

Monkey 4664 was caught out violating quarantine by the cops, so he hid in an abandoned warehouse. He thought there was a police car patrolling the area so he found a rusty shotgun and shot the patrol car, but it was actually the Head of State. monkey was caught and died in jail
