*"So..who do we have here? Ah, Fitzgerald. You are certainly quite the
interesting person to make a comment about me. But alas i have to say that
by far you are the most un-pitiable person that i've ever even had the chance
to reply to in my entire life. Seriously you really think your actions in politics
are what's best for your nation? even though in reality you are just molding it
to a certain authoritarian regime that my Father fought over
81 years ago? And secondly about your comment on the overseas colonies, they
have their own autonomy..they have Prime Ministers to have guidance over,
and what's this about making a comment on my wife?"*

*You really think i can just fabricate an entire service of war that i had on my
shoulders? because good luck you won't even have a quarter of a thought to
even do such a fraudulent thing.*

*All your talk about False Glory, Stolen Valor and many other more snarky
comments you can make. You can't even lift yourself up properly just by
looking at your face. While i actually fought over the battlefield, you were*

just leeching your way in your Fancy Palace you call a European Parliament.

And shame really, you were of British heritage. You never even embraced your inner brit.

Oh, and you being the 'President' of the 'European Union' is just a petty fabricated lie. All i see is a Führer sitting on high in his 4th Reich, You even brought the National Socialist 'Heil' back.

You truly are the most miserable human being i've had to make a reply to..oh and another thing Mein Führer.....**Sieg Heil..**

"And look who is losing his head over the argument. Both of them, that is... But Mr. Fitzgerald... all you have to do is to take more morphine, not less! It soothes your pain and calms you down, and eventually your head will be blank... not clear, blank! Your little childhood conspiracies could have been by-products of your drugged mind, if I am to hypothesize. But we are not doing a PSA here, good sir. Everybody knows that you should not feed kids this funny-looking poppy rubber, let alone variants of it."

"I am not here to point my fingers at you and say that I will destroy you for your crimes against humanity or beg you to be positive like the Valentians might do. I know your vile nature and prejudice run deep down inside you more than morphine does. I am here to just laugh and weep simultaneously at the sorry state of Europe and its missions. Just because you expanded from single-nation fascism to continental fascism doesn't mean you have achieved anything (except triggering people, that is). I am concerned, definitely concerned, about your plans in the Middle East, and if I, out of all people here, are concerned, I would seriously believe the whole world will be nearly as concerned. People with... at least half an ounce of decency, life and soul will be concerned, and this is even less than sugar i put in my tea."

WASHINGTON

I have always been the type of person to believe in the human race, to believe that the highest aspiration of a man is to be able to live with dignity, to work honestly and to create a legacy for himself and his family and that for a human being to accept to live under a regime in which not only he is declared inferior to a family of aristocrats for the simple reason of their lineage and where he is forced to pay tribute to the figure of a spoiled rich man under the most stupid of excuses would be unthinkable for any human being in existence so there is no other option than that those who control and those who accept this system are not human but pawns of satan plotting against the world, and therefore I warn you, prince of darkness, that the time for kings and empires no longer exists, beware.

AN

Beyond the significant bad taste one must have to name oneself with the title of "king" or any other of that ilk I recognize merit in Luden's actions and although the nefarious titles of satan's monarchies remain in his lands his government is much closer to a democracy of strength, I strongly recommend you change your title but I still recognize the nobility in your heart (if you even have one of those) through your actions, your conviction in the glory and prosperity of your own people puts you far above many of the beings who call themselves leaders, good luck sir.

Britain outta existence. Not in our world though, since in our world UK does exist. And it's not satanic. Although, those bullshit knife hunt laws give me doubts about the last statement. And why in his world Britain is demonic? Why not Germany? Or Romania? Or Ghana? Why did ol' satan pick them as his chosen ones?

Either way, that adventure of his is just like some old world style epic ballad of a great hero, who with divine aid, fought and punished evil. A lil' bit like Greek Myth, but with more powerful character. I like it so far. Guess, I'll learn more and then make an official statement on him. So far I know the reasons, but I don't understand his hate towards monarchs. If ya' ask me, I don't care if someone is elected or born into rule, as long as he cares for the people and their freedom. Sure, monarchies have thier own disadvantages... but I don't hate them. Don't love either. But prefere case to case judgement. I've seen decent and awesome monarchs. I've seen corrupt and oppressive presidents. I've also seen spoiled and bratty monarchs, who let their people starve, so they can feast. And I've seen presidents, who adhere to the principals of democracy and do no less than full fulfillment of their promises."-Shawn Bjomson

"I will never tire of repeating it: Ari is a great leader surrounded by forces that make her job more difficult and who lives in a hostile world where a misstep would cause her tribe to be absorbed by other sedentary nations and empires. Her collection of knives does not scare me: you should see my collection of machetes and ceremonial swords that the Imperium's allies and subjects of the latter have gifted me throughout my tenure. She basically she is my surrogate older sister and she has won the hearts of my biological brothers (No, Kylie. You already have a girlfriend). Believe me that if I took Ari's place she would drive me crazy, that's why I consider her to be a very strong and capable woman."
