Florida Man, for some unknown reason, firmly believes that the gunman who screwed him up a week ago was an assassin sent by Hugo Chávez himself, who also for some reason, knew who Florida man is, and considers him a national threat to the country.

Stalin and Hitler coming out as gay sets off a chain of events liberalizing Germany and the USSR. This in effect ends WWII as soon as it starts.

As such, the holocaust is essentially prevented, and major technological advancements in military branches never happen, specifically the ME-262 not being created.

Without German wonder weapons, scientific advancements such as the rocket and the jet and everything that came of them never happen, including the nuke.

Stalin and Hitler agree to combine Russia and Germany, creating the Germano-Soviet Union.
