"The one thought that most persistently tickles me in regard to the Patron is that all that acceleration will burn itself out. Here he is terrorizing children and showing them the ugliest part of humanity, and somehow he fails to see that by depriving them of protection, warmth, innocence and dreams in childhood, he is ensuring that those are all they'll ever crave in adulthood. Expect a traumatized, moralistic and timid society in Patagonia in 15 to 35 years."

"Konrad, although he is a psychotic individual who should probably not be in a position of power, did nothing to deserve the abuses he suffered so early in life. The deaths of his parents clearly had a significant impact on him, as did the neglect he received up to that point. Parents are supposed to protect their children from the evils of the world; Konrad's exposure to such evils may have been a major factor in influencing his psychological health.

"His views, while extreme, should not warrant suspicion unless they are classified as being radically dangerous. I believe he would struggle in Western Fardelshufflestein nonetheless. If he were to need psychological assistance, he'd have ready access to multiple resources in our nation. The costs our not exorbitant, but I would guess that as a leader he would not be worried about that."

-King Alastair Laertes Amadeus Ludwig Kehr IV

NINJA'D.

"I'd challenge him to a duel, but as I do not feel well at present, I will wait for a few days. I wonder what their kaiser is like as a person, and if he and I could relate to one another at all."

The Statement on Amadeus

"Huh, it seems that story of his is short, yet also told along with illustrations. You know a saying "a picture is worth a thousand words"? It seems that your gov took that approach."

"Most of the info we found in his dossier was about where he studied, how he was coronated, and who he married - honestly, sometimes reading about personal bios is more boring. Not all kings are, but this one seems to be particularly unremarkable, having not an ounce of some political leanings or principles written in his bio. We had to check how the government worked to at least grasp how some of those opinions could be like. So far seems like a glorified constitutional monarchy, with the monarch gradually distancing itself from day-to-day governing of the nation, and shift towards the ceremonial role which monarchs in UK have nowadays. World has enough celebrity leaders, and doesn't need any more."

Ninja'd by Nazis

"Hey! Back off, Nazi!"

Well, I guess I should talk about Nazi politics instead of their autistic Nordicism this time. Well, the Nazi 'economy' is fueled entirely on debt and war spoils, which isn't even sustainable. The only reason why they didn't collapse in timelines where they won is due to having all of Europe's resources and industry. I oppose their dictatorship as well. If the Nordic race is superior, then why they slavishly follow the orders of their superiors? White Americans at least are free of spirit and spit in the face of tyranny. You, on the other hand, slavishly worship fuhrers without understanding the values that made the West great in the first place.

Also, your face looks retarded. Seriously, your forehead looks huge as fuck, and you have negroid lips. And, the nose is kind of big. You also look bony as fuck. If this is what the 'master race' looks like, then my Celtic ass is superior to you, Aryan fuckboy."

"His past in the communist makes him quite a shady person on its own. And "neutral" on most of religions? Who are you kidding - the communists would probably cut off the oxygen for religious the moment they could. Sure, we are secular as well and ready to purge the religious fundamentalism, but the methods of commies are too familiar for us as well. Him being a progressive also is not surprising - he would find a lot of supporting voices in the west, where students could be impressionable by his ideology. Overall, negative."
