A nation of 'Slavic Mars' colonists who escaped from the nuclear apocalypse of Earth. We have not the Fully Automated Luxury Gay Space Communism (and we will never be gay). Our ideology.
The nation doesn't represent my views. It was created for artistic purposes and it's 0% political.
Current year: 2170.

6/10, it looks somewhat evil but at the same time, it just looks like your standard East Asian flag.

6/10 could just be a standard scifi flag but the dark colors and eagle give off sinister vibes.

What if Eastern Rome survived?

Basic Overview: Basically an althist where Basil II actually has decent successors who build on his achievements, resulting in a STRONK ERE that beats back the Sejuks and eventually does it's own reconquesta in the Middle East. Also, The Crusades never happened, the Viking conquest of Britain succeeded, and the HRE became a centralized state and destroyed the Normans.
