This song and video really is brilliant.

The entire album is brilliant... ☐

Yeah. I'm not one to care about lyrics that much, considering 90% of the songs I listen to I don't know the lyrics of or they are instrumental, but the lyrics sounded great in that song. I do like a song with good lyrics, though, just most of the time I don't know the lyrics or as soon as I read the lyrics I instantly forget them again. I'll buy that album one day, but right now I have to listen to it on YouTube because it disappeared on Spotify.

video and song also influenced a recent RP character of mine, and I used the girl in it for the characters appearance. It's weird, and cool how a song can influence your RP characters sometimes. And it's not like my character really has any connection to the story behind the video or the song (except disliking sympathy, the staring, and the questions, like in the lyrics), just the song made a whole story and personality for my character evolve in my mind. THAT'S the kind of music I love.
