Monkey #9582 joined the U.S. Army and died of fratricide when an A-10 strafed his convoy.

**The Republic of Ourisio:** A semi-isolationist democratic socialist, "muscular" parliamentary republic with hispanophone minorities, conscription and a world-class aerospace and tech industry in the far north. Famous for pioneering powered flight and bad food. Think "Norwayifornia" but more fighter jets and robotic arms.

Monkey 9577 died to death.

Ever notice how some elements end with "yum", such as uranium? They were clearly meant to be eaten. Oxygen does not end in "yum". Stop breathing right now.

For any serious rp, my nation is known as Yttria.

Monkey 9479, in a fit of rage upon losing to the final boss in his favorite videogame, threw his console off of his window. Coincidentally, it landed on top of a site which had a nuclear bomb underneath it. The impact made the nuclear bomb explode and kill Monkey 9480 and the city he was on.
