McGuire calls Hamilton's bluff!

Politics are so entertaining

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

We shall march through the storm, Jesus by our side.

In a galaxy where humans were lifeseeded on 12 planets, a federation with a ceremonial religious head of state has united 8 of them. Religious, Ethnic, and Political conflicts are practically an every day thing and the threat of alien invasion has caused paranoia and xenophobia among the population.

Wexas' attempt at FT. No funni powerwank/"sexy" aliens for me.

Not really for/against Christianity or any political ideology, I just thought the idea was neat.

I like TGs, give me them. (You get a cookie if it's Semi-IC/Lore-Related)
