Why not? At least for a while. I know the language, and country doesn't look so bad. (Please tell me, this variation not gonna have Article 13)

Skyhooked is MT/PMT with a few FT elements. Military is factbook only. NS stats are mostly non canon.

A neutral intergalactic alliance aiming to protect its own peace and liberty, NOT an empire!

I only use NS Stats very loosely - I mainly use factbooks - TG's welcome

**SELSKA IS THE ROOT TRAIN, BROTHER!**

When the student movement spills across the *Katastrophestaat*, one underground shelter erupts into a refugee rebellion. Co-opted by an eccentric Eco-National Bolshevik Afrocentrist and his posse, Selska is the last holdout of a people just hoping to survive - but can this revolution last a changing overground?

"The Sith are masters of the Galaxy. No-one, not even the Jedi can surpass our power."-Darth Nox.  
The Sith Empire is one of many Star Wars nations, it is based off the Sith Empire from the popular online RPG known as "Star Wars: The Old Republic", we are in no way connected to the Galactic Empire as seen in the original trilogy.  
**We must also inform you that we do not use NS-Stats, as we are a spacefaring nation that rules part of a galaxy, those stats would not mesh together with our lore.**
