8/10

The island of the Galapagos and the main power of South America controlling the West of South America. Militaristic and authoritarian with a troubled past and an uncertain future with stability at an all time low due to a lost war and unpopular occupiers.

1/10, as long as one doesn't consider static electricity evil.

My travels take me many places, from the scorching sands to the cold, dark vacuum of space. But I always return to my friends and family at The Pub.
