The Russian Far East and or Manchuria

#### What if Eastern Rome survived?

**Basic Overview:** Basically an althist where Basil II actually has decent successors who build on his achievements, resulting in a STRONK ERE that beats back the Sejuks and eventually does it's own reconquesta in the Middle East. Also, The Crusades never happened, the Viking conquest of Britain succeeded, and the HRE became a centralized state and destroyed the Normans.

The baltic sea

"Convallaria: A sprawling sun-soaked dreamscape silhouetted far beyond the ethereal horizons of austere morality and petty mediocrity. But behind the sterile flights of state-sanctioned-fancy lies a paradise lost...a land of milk, honey and sex turned rancid in the sun, as the harshly held colonial disciplines of a bygone era yield to the temptations of society's nighttime fragrances..."

#### The Immortal Pristine Revolutionary State of Ukraine

**SUMMARY:** An autocratic technocratic "utopia" with the best architecture and environment in the world, paid by the freedom of citizens.

**What do we have to offer?** A magnificent timeless architecture, weather-altering BS machines, a pristine environment, a strong military, and a death toll of 10 million from our concentration camps and bloody wars.
