Life in Prison without any chance of parole in a maximum security prison and being let loose to the prisoners and their mercy, or deporting them to their country if they are willing to take and punish them with a fitting sentence for their crimes.

Stealing a priceless piece of artwork from a museum?

People charged with tax fraud are fined between 25,000P and 250,000P and face imprisonment for three years.

This case would be counted as murder, which is punished by ten years imprisonment, reduced to five on good behaviour, and an unlimited fine. The person performing the destruction would face this punishment, while the mother may face either a murder charge or manslaughter charge, which is more lenient.

What's the criminal punishment for the desecration of public memorials, such as YN's equivalent of the Tomb of the Unknown Soldier?

Skippin AN because they forgot to put a crime.

Flying an RC bomber plane is legal as long as the "bombs" in the RC plane are harmless little firecrackers. If the bombs are actually dangerous, 10 year in prison for property damages/injuring someone.
