"To the stars!"

Aim for the stars. If you miss, you will land in a black hole and may have the chance to become a Fate.

Some of the best nations on NationStates are the not-nations.

Basinites

The Aristarchic Theodemocracy of the Great Basin Kingdom

Americans

or; Mormons but they're fully manual austere queer desert communists (and the Americans visiting them)

For forum games, factbooks are your friends

It is 1881, and America still dreams of its "manifest destiny" to rule the continent. The strange pilgrims claiming a kingdom in the Great Basin apparently have other ideas.

A lot of pretitles in NationStates, and a lot of problems are in those pretitles when they go over the limit. But you gotta do it right. I mean, you gotta have the pretitle already made before a nation shows up. Otherwise, you're talking about a half-hour to forty-five minutes worth of thinking up pretitles. And who knows who's gonna come along in that time? Pretty soon, you gotta come up with a few more pretitles. You could be there all fuckin' night. And by that I mean no.
