Which Neurosis song is your favourite? I'm wondering which to try.

[Imagine Dragons - Cha Ching](#)

Don't know if I really have a favorite, but try Lexicon, At the Well, The Time of the Beasts, and Purify for a few examples of the cool instrument merging I like so much, and just some good songs.

I love the last 3 minutes of Purify

Neurosis-My Heart for Deliverance

This song is the first time I'd probably actually realistically classify them as post-metal. And post-rock.

The enhanced bass makes this already amazing song absolutely phenomenal.

[Metallica - Dyers Eve \(with enhanced bass\).](#)

I really wish James and Lars didn't treat Jason so horribly, because this album would have been so much better with audible bass.
