Probably, because those old apartments built in the style of brutalist architecture seem somewhat cozy on the inside and the fact that I love cramped spaces.

Hahaha, no. I'd rather be a free person who doesn't need to follow the state religion or be subject to strange laws... Including the social rules that are not spoken of.

If anything, I'd probably speedrun becoming the "biggest assbat" around before some "accident" removes me from the gene pool for good.

We'd just beat your ass and deport you. Also while we have an official state religion it's not mandatory.

Guess I am curious about this. Even when the living quality and equality are very high, some prefer not to live in the Aquaria. Is it that those people are just anti-communists?
