So yeah, the Iron Sky soundtrack mostly bored me...

The ones that sound the most industrial I think were my favorites.

This ones actually pretty good. Interesting version of the national anthem. Probably my favorite version. Not that I know many versions beyond hearing it here and there.

You know, I don't even know the words to my own national anthem...

It's one of my two favourite song parodies. Party in the CIA seems to have quite realistic lyrics.
