Man then injects a saline solution into his veins, dies as a result and becomes a ghost. Then Erin rings his doorbell.

Man lays flat on the floor

Erin busts down the door after a concerning silence and sees Man's lifeless meat suit on the floor.

He calls up Stanley, who is back inside The Stanley Parable Deluxe. The Narrator: Are you serious?! Stanley just got back from losing his beautiful bucket to that ravenous cyborg, can we please have everything go back to the way it was??

Erin puts away his phone, not dialing 911, because that's for mortals Erin using bullshit and brings Man back to life

Which means that she has Revivant Z already. She then uses it on Jake and the other ghost (we'll call her Lavitz i guess).

Man: How did you get Revivant Z already?

Erin: Jackal was guarding it.

As it turns out, Terminator has been following them. It fires a bullet that hits Erin for 1 damage, but also knocks the ice cream to the ground. This causes Erin to retaliate with another 3 ether shots, for 333 damage. Indy, being her adopted daughter, follows up with her own ether shots, but they only do 1 damage each.

Lavitz then slashes Terminator with an energized blade 5 times, for a total of 1705 damage.

Then, the ice cream shop's owner, named Grey, decides to intervene. He fires another bullet at Terminator, dealing 21 damage.

+1195 XP to the team.

Erin: This looks like Minecraft. Funny, isn't it?

Lavitz: We're not ready to face the final dungeon yet. I'd rather be
close to level 100. Wait, the doors are still open, let's leave now.

The team runs back to the shop and continues from there, knowing
that there are still several zones to pass before they can challenge
Ashotu's castle.
