we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

As Pink Floyd songs go (from the relatively little I've heard) I have to give it to "Money"...if only for what I can only make out as a 7/4 time signature...oh and it being a good song too, yeah that's important
