The emblem used in the flag of the Nanika Confederation is suspiciously similar to that of Eritrea

They call people "Friend" repeatedly to the point where the word loses its meaning. Also everything remotely normal is a "Bubble thought". Whatever that is.

Note for Stanier: The overview factbook isn't complete, but in its current state it gives one great view of the nation.

Catigula came to power in the CATCRAP revolution. This revolution was started by Catigula and a few other cats in which they built up an army of cats and ended the rule of people.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

After a war against the Locust Horde in the 2070s, many of the whites of southern Africa resettled the former lands of Rhodesia, and from thence I guess comes AN?

Marie Kattenby-García was the somewhat unwillingly appointed leader of their country from 1970-1976 and uneventfully resigned after the nation became more stable and the political process was normalized once again. Her direction proved that the Diet and the Military feared an internal enemy more so than external intervention at the crucial time.

An east african state that gained its independence from a foreign power in 2007 and is led by the Communist Party under the authority of General-Secretary Amari Mugabe and President Bobo Rhozali.
