After this album, only 1 folk-ish artist to go through left!

Feel like passing out now, though...

Electronic, downtempo, nu jazz, dark jazz mix. Loved it before, still do. Though I think I liked their album that disappeared off of Spotify more, but I'm not sure. These two may have just been so different from each other I didn't care for one as much as the other at first because of the difference (Which I do enjoy in a band), but digging this after a re-listen.

Time to listen to the vinyls I got yesterday.

Yes - Close to the Edge

Sounds really good for an used vinyl.
