Monkey 4989 swears that he died way earlier in this thread and refused to believe he's not dead, so he checked himself into a morgue.

Monkey 4987 was a Thanos worshiper and thought Thanos was innocent. He tried to do what Thanos had done previously but couldn't even wield the power stone without being turned into grime.

Monkey 4981 slipped on a newly-mopped wooden surface and broke his lower spine. He was in so much pain that he hanged himself.

Monkey 4977 created Omeganium, a new element in the Periodic Table. This shattered the fabric of reality since we've already discovered all possible elements according to Dmitri Mendeleev's Periodic Predictions. Therefore, Monkey 4977 vanished with the reality he lived in.

Because of the reality manipulating shenanigans that have been happening in the ten thousand monkey genocide, the NSUTBS (the NationStates Universal Thread Balance System) has been put on a lot of pressure to keep the ten thousand monkey genocide thread stable, and as such had to cut corners and skip some small details when trying to manage it. Monkey 4976 was one of those small details and was unfortunately erased when the NSUTBS had to repair the reality of the ten thousand monkey genocide thread once again.

The logical paradox was completely independent from his assigned number.

Also, Monkey 4975 ate so many bananas that it dies of excessive irradiation.

NSUTBS, realizing they will need to be across the multiverse to fix somethings (such as when the bus wrecked the multiverse, and it's now NSMTBS the NationStates Multiversal Thread Balance System) although to make ends meet, they had to kill monkeys 4974 and 4973

Monkey 4971 was an acquaintance of 4975 who was also *really* into TheRussianBadger. So much so that at his funeral, he had the balls to say "ah yes, the *radiation* killed him". Needless to say everyone else found that remark in quite poor taste, to say the least, and he didn't last too long in the angry uproar of the crowd

Monkey 4969 coups the democratic government of the Monkey Republic. Becoming the next leader after President Monkey 4995. The continued war between the Monkey Republic, Doge Empire, and the Dark Monkeys continues to rage across the galaxy.

Monkey 4969 becomes the Supreme General of the Monkey Union. Abolishing the republic. And declaring himself dictator for life. He battles against the Dark Monkeys in the Andromeda Galaxy as the Dark Monkeys attempt to launch a counter-offensive against the Monkey Union.

Monkey 4969 dies in a battle. He led a last stand against a massive wave of Dark Monkeys. He will be remembered.
