Though a relatively new nation, their high post count suggests that they have been around the block. I will adjudge them to be at 5.5/10 on the Zeitgeist Domination Scale™.

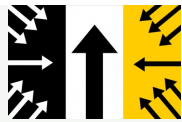

From the Minister of Foreign Affairs of the Marineri Islands:
The central emblem on the **Marineri Islands** flag represents a **penu**, a traditional carved rock or coral tool common across the Austral Islands (irl part of French Polynesia) which is used to crush food, similar to a pestle.

It is not a dress.

AN pops up and is quite well known on F7 recently. the NVDR might be quite popular on other forums as well, idk, I don't use them myself.

I saw them more often back when I was still active on [Rosacorp](#), though they've been absent lately (or maybe I'm just not going to the right threads, who knows), they were a more active back then, and name and flag alone quickly became recognizable, some of the newer folks and oblivious folks won't recognize them, but a good amount of us here active at the start of September recognize them quite well

Indeed! Touching grass does that to a person. Pretty pleasant though, I think all F7 users should do that sometime.
