Conservative republic, canonically takes place in [another planet](#) in the modern contemporary era. Doesn't know about the existence of earth, neither earth does. The year in this nation is **2020**, meanwhile in the far away earth it's **1985**

Nation pretty much represents political beliefs and some likings, by the way **AHW** (**Alpise Hates Wheels**) are bad guys. Not good.
All stats are cannon, except pacifism, mining and vehicular industry. Which are canonically important stats.

I will work in my factbooks when I feel motivated to do some work on them and get a creativity boost at the same time, which is.. Never.
