Slayer - *Gemini*

“ CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

You Never Even Called Me by My Name - David Allen Coe.

The perfect country song.

***Well, I was drunk the day my mom got out of prison,
And I went to pick her up in the rain,
But before I could get to the station in my pickup truck,
She got runned over by a damned old train***

Days like dominoes, all in a line

Emerge transformed in a million years, from days like these
