You don't need a full skeleton to create a clone; just a viable DNA sample.

Free Arabian Nation wrote:
It is illegal to insult someone else's religion

"The history of The Free Arabian Nation goes as follows; Some time in the 1950's, the USSR nuked and invaded Europe, forming Eurasia. Iraq and Saudi Arabia saw this and thought "Oh god, we're all going to die... unless..." then the two united in a union as a desperate attempt to survive. Soon, many other nations joined in and Persia was about to join until they were invaded and swiftly annexed by East Asia. Then, the wars started. East Asia from the east took Mesopotamia, Eurasia from the north took Kurdistan and the rest of Syria, and Oceania marched upwards from Yemen and Oman until they reached Mecca. Then, when all hope seemed lost, their de jure leader died and a new leader came into power: Dassm Einuss."

The Empire is in truth a federation of multi-ethnic smaller monarchies. Of its components, two are named: Ruthenia and Poland-Lietuva. There's probably also Ukraine, but that hasn't been named yet.
