It's probably her worst album, and the one I listen to least, but it's still awesome. Homogenic, Medulla and Vespertine are her best. I think I'm a bit obsessed.

Bjork - Wanderlust

I still need to listen to more Bjork, honestly.

The one I've heard best is Volta, and the one we own a physical copy of is Medulla, which I don't honestly know that well.

Dream Theater - These Walls

Has kind of a weird intro but soon kicks off into a badass solo.

Used to be one of my favorite songs from that album when I actually liked DT.

“ The Empire of Pretantia wrote:

[...] TLDR; welcome to the internet. Bicker or GTFO.

"Why is self-control, autonomy, such a threat to authority? Because the person who controls himself, who is his own master, has no need for an authority to be his master. This, then, renders authority unemployed. What is he to do if he cannot control others? To be sure, he could mind his own business. But that is a fatuous answer, for those who are satisfied to mind their own business do not aspire to become authorities." ~ Thomas Szasz

Haven't heard this song in a long time. My dad was going through his Turkish music, and I remembered liking this song. I think I like Turkish 60's and 70's music more than American 60's and 70's music....
