Would I live in **Ria Reavi**? Despite their decent amount civil rights, probably not as they don't seem to be that developed.

Maybe yes, but it's very weird.

A nation of Slavic Mars' colonists who escaped from the nuclear apocalypse of Earth. We have not the Fully Automated Luxury Gay Space Communism (and we will never be gay). Our ideology. The nation doesn't represent my views. It was created for artistic purposes and it's 0% political. Current year: 2170.

No.

A Marxist-Leninist socialist revolution, led by the Scarlet Sisters, happens in Gensokyo! Now, what's next? How will the Spellcard Rules and the relationship between the youkais and the humans change under a Marxist paradigm? How will the need to gather faith be reconciled with Marxist dialectical materialism? And will Marisa and Reimu again come and rescue the day? Will this simply be hushed up as another "Incident", or a permanent change for Gensokyo?

Would I live in Island Zero? Absolutely not. Not only am I not a big fan of the policies (particularly the immigration policy which means I can't even enter legally), but even if I snuck into the island but even the climate is inhospitable and, without protection, I could end up dying. Not to mention, even the name gives me bad vibes.
