It's a little too FT for the setting, but I'll make you a compromise: She's got a knife with raven feathers tied to the hilt, and she's very *proud* of it. How's that sound?

Keep the part where it is last down to the heir during coronation as well, because the knife is sacred to the culture, and the raven feathers on the hilt

One of their sports team's mascots is an actual raven. Just... a raven.

Most NS Stats and Policies are *somewhat* accurate to how I envision this nation, but please try to judge this nation primarily based on its factbooks.

This is my attempt to write a nation that embodies my political views, but is also played realistically, showcasing both the upsides and downsides of my ideal system. Most factbooks are still an active WIP, so let me know if there's anything you think can be improved upon

The oppressive Marsoslavic state was so discriminative based on ethnic grounds that it almost fell apart at the seams as... ethnic supremacist militias tried to destroy the government and create their own ethnostates in a Civil War that went on for less than a year.

Not the government was discriminative, but the other Slavs.
Please correct it.

Ironically enough, unlike most "USA breaks apart uwu" stories, this world's USA broke up on (relatively) good terms *specifically* to avoid a potential backbreaking, long and bloody civil war when they realized that with all the cultural, socio-political differences, the various regions of the union just were no longer capable of being brung back together

Ito Sayuri is *comedically* evil. Like, seriously, this nation has to ignore NS stats, otherwise there's no way I see it as being classed as anything other than "psychotic dictatorship".

She also apparently has a political party, despite being a literal creature of the night who exists only to sow fear, and believes in total capitalism, despite also wanting to exercise absolute power of her own.

The history of Signaria resembles that of the US until the early 20th century, when untamed industrialisation's wealth disparities were not addressed by a Progressivist movement, resulting in the "Solidarist Revolution" in 1916 following a Great Depression-style economic crash in 1911. The Solidarist Revolution itself is a lot like the Bolshevik Revolution.

SELSKA IS THE ROOT TRAIN, BROTHER!

When the student movement spills across the *Katastrophestaat*, one underground shelter erupts into a refugee rebellion. Co-opted by an eccentric Eco-National Bolshevik Afrocentrist and his posse, Selska is the last holdout of a people just hoping to survive - but can this revolution last a changing overground?
