So....I was brilliant and looked at a random post-rock name on the "List of post-rock bands" on Wikipedia (which is completely full of crap, because Battles is not a post-rock band), and found this. I also looked at Saxon Shore, because that was suggested as well. Yay for new playlists to go through to add to my Post-Rock playlist!

My own guitar arrangement of Gershwin's "Rialto Ripples".

I'm mostly here for... something to do, I suppose.
