Halfway between Venus and Mars

That's just Earth or just neural spacetime going here

Outside space - even that! :)

Two reasons why I changed my name to Spacias instead:

- Spacia is taken
- By an ex-nation

NS Stats will be real when the year reaches 3000.

I'm detecting maybe a subtle hint of communism.

Arise ye workers from your slumbers

Arise ye prisoners of want

For reason in revolt now thunders

And at last ends the age of cant.

Away with all your superstitions

Servile masses arise, arise

We'll change henceforth the old tradition

And spurn the dust to win the prize.

So comrades, come rally

And the last fight let us face

The Internationale unites the human race.

It's **New Temecula** here! The famous F7 ostrich-obsessed idiot who makes mediocre art and overdecorated posts!

Yeah, Marainta would just watch as dragons and gods continue to fight, then cook some popcorn and make lemonade.

Welcome to Merryland; hiring extremely depressed teenagers as truck drivers and pilots since 2015!

BREAKING NEWS: In a surprising shift of morals, Mary Rothberg stands with #FixTF2. Four bot hosters have already been killed and one critically injured by Merryman-backed vigilantes. "SET THIS BLOODY GAME RIGHT OR WE'LL DO IT FOR YOU!"

Theme for the Merrymen

TL;DR 'we live in a society'-type international nihilist anarchist terrorist group evolved from a street gang in London that embraces violence, detests conformity and the law, and pride themselves out of committing crimes, getting into mischief and acting out their most depraved and extravagant desires in order to bring about the downfall of society... just for a bit of fun.
