And lo, a legend was born.

/reserved DEFINITION:

To reserve a post as to prevent being ninja'd. This is especially useful for having  
posts that may take effort or a good portion of time to make, as there is a  
greater chance of such things being ninja'd than a slash and a word. Only  
practical in some threads compared to others. The idea is to put /reserved first  
and edit it once you have a proper answer. As such, you are not ninja'd. BN will  
do you as long as you eventually edit your /reserved into a proper post.

Heya! Just your ordinary ruthless pragmatic monarchy. We may be the lesser evil, but we are fancy and polite while doing it!
