What if Eastern Rome survived?

Basic Overview: Basically an althist where Basil II actually has decent successors who build on his achievements, resulting in a STRONK ERE that beats back the Sejuks and eventually does it's own reconquesta in the Middle East. Also, The Crusades never happened, the Viking conquest of Britain succeeded, and the HRE became a centralized state and destroyed the Normans.

Uncle Sam is all-familiar, because he has always been there, watching over you. Of course you recognise him, albeit vaguely. Sometimes, love has to come from a distance, and he has guided you from a distance.

(OOC: Nah you haven't, its literally some random dude I found in 2017 of a black and white stock photo of a "young man with glasses")
