The name "Anglomir" is derived from the Old Anglisch name Anglosagir, which means "land of the Anglos". The Anglos were one of the Germanic tribes that settled in Anglomir during the Early 9th century.

"The Conservative Party was a fairly short-lived party that existed around the time of the United States Civil War. Its influence grew moderately until early 1861, when it came out in support of the Confederate States of America, which fully marginalized and partly fractured it. The party did not die off overnight, however, and was only disbanded once it failed to win any offices in 1870."

Despite being a generally secular government with no official religion, the state maintains religious courts to tend to the needs of the pious.

The Ideology of Athralia is essentially parallel to a variation of Western liberalism and hyper-individualism; there is no divine mission, in it's place just a mediatory role for the state so that willful subjects don't harm or interfere within what is deemed each-others' legal boundaries, and of course, military defense of their way of life.
