After a long period of order, e.g. "Hello. My name is Inigo Montoya. You killed my father. Prepare to die", it only takes one slight deviance from the original text, e.g. "Greetings, fellow human. My name is Indigo Montana, and you are my father's killer. Prepare to cry.", for the chain to fall into a state of anarchy. From here, someone eventually sees a reply that is funny which they would like to repeat, and thus, order is restored, for however brief a period, and the cycle then restarts.
