7 albums today. Time to do something else with my life for now (like sleeping)

The A Perfect Circle album I've listened to before is still the best.

This is great. Black metal with a classic old-school metal feel to it.

Much better.

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.
