"WAR IS PEACE"

So true

□ **The Federal Reclamation Initiative of the United States of America** □

It's 2035, 62 years have passed since the world became a nuclear wasteland. The world became ruined through the efforts of Southern rebels in the United States. Who, after losing the 1972 Presidential Election to Senator Kennedy capture nuclear weapons and activate them. The hours after this see a nuclear exchange between the Soviets and the US over miscommunication. Luckily most of the Federal Government had managed to retreat to bunkers across the country. Decades later they have now returned to give America a second chance.

A hub for ironways in Europa? Coeln, Brussel, and Paris put forth bids after writ to forgreaten and foronefolden throughmark highspeedironway lines goes through Europish Gemoot

not quite sure why Brussels or Paris would even have a chance of becoming a "hub" here given how far west they are, it'd have to be somewhere in Germany, and I'd pick Frankfurt over Cologne. I'd say Vienna if your EU had expanded east but I guess not
