"War against- No... Perhaps information has been mistaken. When I was about 17 I joined a great friend. It was a boy who had pointy horns and a tail, at first I thought of him as a monster but it turns out he had a strange mutation that showed that the beast of Lowblood still felt, even some sentience.

The old king, I forget his name, feared beasts and sent the hunters after the boy. This caused a rift in the nation. Times were different back then, I didn't even get to see its outcome as that is where I was captured and tested on. But the demon king was just a beast king, but some called him demon which he found amusing.

Beast in Lowblood is still a problem, but we don't have to put them all down, things are different now.

If you wish to duel, that is fine, I'll have a sword made for a honorable duel. No hidden blades, nor one of my many trick weapons, or my augments."- Luden said as he pats a scissor blade one different from Oni's this one being called 'The Northern Cross'

"you know, I am surprised i have not once given an opinion on Gwen yet despite how many times i have had the opportunity to do so. time to rectify this. As usual with all Valentians, her name is incredibly long. i am rather irked by her former overwatch faction sending people back in time to prevent things from happening, that alone is a very dangerous thing to do. though with her newfound powers she is still able to go around time and space at her own whim. hopefully she is a lot more understanding of the dangers of altering time than overwatch, however... still, nothing has gone horribly wrong as a result and things seem to be going well for her. its nice to see that even despite any hardships, she has such a positive attitude. that is something that even i could learn from at times. she is quite the explorer as well, travelling the omniverse in search of new adventures (which is something i do as well when i am not dealing with the politics of this particular universe). judging by her combat information, i guess she would be considered something of a "glass cannon". extremely powerful attacks but fragile towards attacks on her. thankfully she has the agility to avoid most things. all things considered, she is like most other valentians i know. her integration into valentian society and culture has gone pretty well. no faults here, my opinion is positive.

She is apparently some sort of powerful, omnipresent entity which can reside in any part of the world at one single point, and as much as I truly doubt these claims, I definitely will not doubt her reputation as a warrior and also a revolutionary leader, having built her nation from war-torn rubble on another planet that initially even disliked her. Plus, I am interested in sparring with her, and hone my own training as she seems to offer; maybe use her to teach Ezio to fight with honor and not silly tricks and sleight-of-hand. That is, if she does not wish to kill me in doing so like most of my 'enemies' tend to fantasize about. She needn't worry about my environmental problems, anyhow; we balance out our urban cities with lush lands on the Balearic islands, Corsica and Sardinia as well as our beaches. I never watched it though, because I'm not into ogres. You know, ogres are like onions. They have layers."

Oh, where was I? Oh yeah, Bald-Hahahaha! BaldASSar. Oh my fucking god, his name. AHAHAHA! BaldASSar. I know I shouldn't but- BWAHAHAHA. Okay, okay. I'm going to take him seriously...especially when he looks like- Ha! He looks like he's been yanked out of the Middle Ages! Hahaha!

Okay. So, why does it say that this supports nationalism when he literally supports a monastic state, as opposed to a nation-state, and imported Christian Arabs into his country. I mean, I guess you could call him a Christian nationalist, but that'd be like saying the Islamic State is Islamic nationalist.

Okay, okay, so yes, I hate Christian theocrats. Though, this one is different in being Catholic. Well, there was the Mexican Synarchists, but even they weren't theocrats to the extent of Baldassar.

His atrocities against the Arab peoples match that of the barbarity of the Imperial Japanese or even the Aztecs. The fact that white people, especially under the righteousness of Christianity, would do such a thing gives me a sense of unease. It makes me glad that the plans of the Republican-dominated United States to crusade in the Holy Land, albeit in the name of Israel, were never enacted.

I support the Arabs in their war of liberation against the Crusader menace, and I further support the people of the islands to reject theocratic rule and embrace democracy.

On a minor note, his dueling record does impress, though dueling with swords

is gay. You need to duel with guns! Maybe, I should challenge Mr. Farquard into a duel, though I guess killing him wouldn't end the theocracy's mad reign.'

"I'm very pleased to make Yona's acquaintance. Seeing a leader with thousands and thousands of years of experience is a little intimidating. Her dedication to science is commendable. The only thing that strikes me as a bit.... much is saying one rules over all of reality. I mean, all of it is quite a lot, don't you think?" - Cam Garám

"I used to have a neutral-leaning-positive stance on this... individual. But now properly looking over him, he'll most likely cause more harm to the very integrity of mankind than good. I mean, it is just utterly despicable and sickening that they would let this... this homosexual freak of nature into an office of power. And before anyone could argue, you cannot possibly tell me that you are a straight man, dressing in mascara, lipstick and other feminine products like those cursed drag queens! Homosexuality is one of the most gravest of sins, so for the sake of your people, Mr. Garám, either look with some decency as a straight man, or give yourself in to repentance or death as a foul homosexual. Your policies matter nigh when you harbour such sin."

IC: **the Order of Mare Nostrum**, but are also known as the Knights of Mare Nostrum or simply Mare Nostrum.

Anthem: [Ave Regina Caelorum](#)

The Knights of Mare Nostrum are an order formed in 1189 centered around islands in the Mediterranean after the Knights Hospitaller and Templar merged, along with the integration of other knightly orders, serving as a militarized Papal State which utilises what is essentially hyper-militaristic canon law.

"Oh a royal I see... I'm not afraid of you and don't let that get to your head. Now I know you hate non Christians well, my existence is from the Shinto religion so it seems you were quite wrong. Now I disagree with you on that however, I do agree socialism is such a terrible system. You know quite possibly we could have tea together?"
