They're all faked.

Barney gets up, dusts himself off then pisses on a nearby burning bush.

He travels back from BFE gets off the boat and walks into a waterfront bar.

But Henry is not a stickman. Instead, she is just Celia in a costume. For some reason there's a blue-wooled sheep on Aila's ship, so she casts the "Wololo" spell and turns it red.

The Skank is a horrible, destructive entity and must then be taken out by Aila and crew.
