Nothing, provided it is a "low-class" substance, as determined by the People's Commission for Controlled Substances. Use of "high-class" substances, such as opioids, will merit a recommendation of up to 2-4 years' enrollment in an Institute of Reeducation and Rehabilitation.

Underage use of any drug is dealt with in the Iaeptusian People's Youth Court.

No official punishment, though this could lead to reckless driving charges (which would net you a ~KN\$5,500 fine).

We'll remove their hands and replace them with cacti.

Replacing body parts of people with mechanical parts. Including their eyes and brain so they don't have to sleep. Putting them into endless torment.

The suspect of this brutal crime would be sent to the harshest gulag in Bruhssians, with the prisoners there secretly being paid to beat up the suspect to near death everytime.

Assassinating the leader of YN?

This will result in death by firing squad.

Sneakily putting five stray cats into a car of a family, that will drive to vacation, so they drive off with all the cats in their car and notice that only when they are hundreds of miles away from home. This was done to get rid of local cats, because they meow at nights.

Depending on end case. Voluntary renunciation guarantees a short arms probation and eventual reintegration to society. If caught in any way or form, potential jail for no less than 5 years or longer, possible case of treason could lead a lifetime prison.
