Responding to AAN because AN didn't respond to them

People's trial, most likely result would be helping to rebuild the building they burned down under the watch of the Bararitu. This would be accompanied by some reconstructive justice to try and get them reintegrated into society.

This likely would end up fucking up dozens of years of diplomacy done to better up relations with the US and considering the sheer amount of bootlicking the Lakan government would then have to do to avoid a nuclear war (because this is excluding the largest possible nuke- a standard 5 Mt strategic yield is the highest in service) would be abysmally large. The perp would likely be sent to a black site where they'd be rigorously interrogated into how and why they did what they did, after this, they'd likely to be executed and diffused in acid.

Depends what they're following you for. Just having them follow you down the street then ditching them as a prank is probably not illegal, but if you're trying to abduct them or something, that'd be upwards of 15 years' jail.

If he cannot pay, then there will be some socio-educational measures penalties like working in the saloon's own kitchen or sentence of 1 year and a half, without parole.

Without a shadow of a doubt, immediate death penalty and no fair trial. Just kidding, lol.

Probably something so trivial would not be judged or even reported, but if it were, maybe six months of social services as a socio-educational measure.
