\*Dabs on one-liners\*

What government AN has? (Judging from flag) Yellow on flag gives a solid right-wing libertarian vibe, or classical liberalism. Anti-communism as well.

Dictatorship.

Veeeeery psychotic dictatorship.

Either Stalinism or National Bolshevism.

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.

## A monarchist state that is an unholy union of Prussia and France

Note: Many factbooks are in a constant state of WIP or being considered for entire rework or deletion

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.
